Sullivan Is So. Bay Mayor

SOUTH BAY —Ray Sullivan, newly-elected to City Council, was named mayor of South Bay by that body at the meeting of the old and the new Councils Monday.

S. J. Fisher was elected vice mayor; W. C. Allen, police commissioner; Henry Elfers, water department; Mead Willis, fire chief; Frank Kelley, sanitation, streets and parks.

Retained in their posts were Alvin Crow, city clerk; Claude Jones, attorney; Ben Austin, superintendent of public works, and Frank Cline, patrolman.

In its last session, the outgoing named Attorney Jones to represent the city in the case of R. C. White vs. City of South Bay with additional compensation for such service, the fee not to exceed that set up by the Bar Association.

Released Prisoner

Police Commissioner Kelley said that Mayor Fisher had released prisoner Lloyd Seymour, colored, although he still owed balance of \$95.10 on bail bond. Seymour has skipped town and Kelley felt that Fisher should be held responsible for the amount due. Fisher stated, however, that Seymour's mother had promised to pay the amount due.

Building permits were granted to Gordon Bowen for a \$12,000 home in the Roadman-Hardy subdivision and to Willie Thomas, colored, for a \$1000 store room. The city petitioned the County Commissioners to revoke the dedication of Lots 3 and 4 in South Bay so that they may be re-dedicated to the school board.

Swearing In

After swearing-in by Claude Jones of the two new commissioners, Sullivan and Henry Elfers, and Police Chief Marvin Davis, the meeting was adjourned. Immediately thereafter the Council, reconvened, with the new commissioners taking the places of the outgoing commissioners I. P. Roberts and W. M. Jeffries.

Former Commissioner I. P. Roberts offered to continue his services as building inspector with the approval of the Council. Salaries will remain the same as last year.

Outgoing Police Commissioner Kelley turned over to the new commissioner the police report for the past year which showed receipts from fines in the amount of \$14,522.45 and expenses of \$12,457.74, leaving a profit of \$2,064.71 which had been turned over to the Clerk.

Lanier Brothers In C-C Top Spots

BELLE GLADE — A second Lanier brother became a Chamber of Commerce president in the Glades this week, when R. W. Lanier was elected president of the Belle Glade C-C at a directors' dinner meeting Tuesday night.

His brother, W. H. Lanier, has recently taken office as president of the Clewiston Chamber of Commerce.

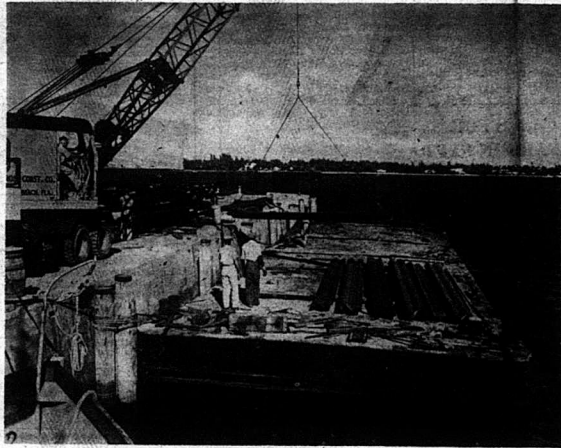

School Board Member Henry O. Earwood installed the new president, George Wedgworth, vice president, and new directors Sam Knight, Earl Lindrose, G. R. Townsend, and J. Marvin Unwin. He challenged the incoming directors to do as good a job during their term as the outgoing group. E. M. Lively, William Graber, W. H. Rhodes, and W. C. Bamford, Mrs. Edwin C. Young was re-appointed Chamber secretary.

The directors voted to pay back expenses to the Chamber meeting at Pensacola Nov. 13-15. Mrs. Young reported that new members included Dr. Menda J. Luce, Kunkel Mead Packing Co., Ray's Smokehouse, Raulson Office Supply, and Epefano Ortiz, a rancher.

SEN. SMATHERS IN GLADES TOUR ADDRESSES TWO COMBINED MEETS

Whizzing through two combined civic club meetings in Belle Glade and in Canal Point, Sen. George Smathers paid a "vacation" visit to the Glades Wednesday on his statewide tour.

At Belle Glade Country Club at noon he addressed a combined Lions-Rotary meeting at Canal Point Community Hall that night, the Canal Point Lions and Pahokee Lions and Rotary Clubs joined to hear the Senator.

Slim and fit, the junior Senator who is being mentioned as a possible Democratic vice presidential candidate spoke of the growth and progress of Florida — by population, from 27th to 13th largest in 12 years, and an estimated eighth by 1960. He cited Florida as the second-ranked state in the Union in military appropriations.

No. Florida Appreciates — He told his Glades listeners that with the lowness of the water table in north Florida, with fishing and recreation facilities off, that "for the first time" that section of the state is appreciating the Central and South Florida Flood Control program. His hopes were high for a \$10 to \$13 million appropriation for CSF in next year's

budget, Smathers said.

Anybody who has an answer on how to cure the soft spot in the nation's farm economy is welcome to tell him about it, the Senator said. At present, that is the only economic field with a problem, he said — "I don't know what the answer is." He cited the surplus commodity problem, and said he supposed that even if acreages were cut back "some of you men at the Experiment Station would figure out how to grow twice as much on half as much land."

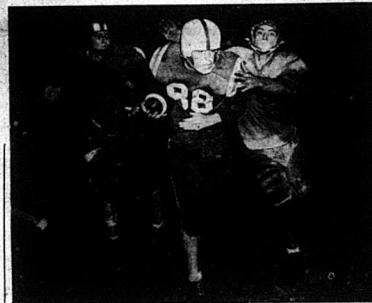

Congratulates Glades

He congratulated the local farmers that "despite your problems, you haven't seen fit to come hat in hand to Washington and ask the government to solve those problems. You have

6 New CAP Now In Training

New recruits in the Glades CAP Cadets include Billy Miller of South Bay, Dickie Townsend, Sarah Burns, Arlyce Bedsole, Owen George and John Allen Lee of Belle Glade.

Orientation flights were given last Sunday's meeting by W/O E. D. Sims and W/O Crews, to Pvt. Edna Morgan and Recruits Sarah Burns, Billy Miller and Dickie Townsend. Staff officers were reminded that reports are to be submitted by them on the first Sunday of each month.

At the close of the meeting refreshments were served in a pre-birthday celebration. Oct. 17 will mark the first anniversary of the local cadet squadron.

VETS' SERVICE MAKES REPORT

The annual report of the Palm Beach County Veterans' Service committee for the year ending Sept. 30 was released this week by Glades Officer Herbert Priest.

Glades area totals show that some 623 claims were filed for local veterans in the year; 600 forms were executed; 1,278 personal interviews were conducted, and 1,388 by telephone; 1,413 letters were written; \$545,000 in government insurance service.

Monetary recoveries for local veterans totalled \$94,078.70. Out-of-pocket expense was listed as \$5,661.91.

Pahokee C of C Acts On Road

PAHOKEE — The Pahokee Chamber of Commerce went to work on the collapsed shoulder closing Conners Highway from Canal Point to 20-Mile Bend yesterday in the form of telegrams to the County Commission and two sections of the State Road Department.

To the County Commission the Chamber said that as representative of some 10,000 voters and taxpayers in the Pahokee-Canal Point area it "requested and expected" the Commission's cooperation to get the SRD going on making a detour or repairs to the section of the road where more than 150 feet of shoulder caved into the Canal Wednesday.

The C-C reminded the Commission that residents of this area had put up with many months of similar road blockade in 1953 and 1954.

The State Road Board at Tallahassee and the SRD at the tenance department at Ft. Lauderdale, the Chamber wired the heavy produce traffic was beginning and urged all speed in reopening the section of highway blocked off because of the cave-in.

BARBERSHOP TO GIVE PROCEEDS TO POOL

BELLE GLADE — If Belle Glade males will just forget to shave Monday, they can get their barbering done Tuesday at Buster's Barber Shop, and what they pay will be turned over to the Swimming Pool Fund.

Louis Wells and Merton J. Rashley of the shop have informed Fund Secretary Edwina Young that the proceeds from their services for the entire day will be donated to the fund.

New Post Created In B.G.

BELLE GLADE — With Mayor Walter Ashley casting the deciding vote, the City Commission Wednesday night accepted the recommendation of the Civil Service Board that the post of investigator be created in the police department at a salary of \$290 monthly.

The much-disputed post, which newly-elected Commissioners J. H. Livingston, Jr. and J. Marvin Unwin have opposed placing under the police department, holding out for putting it directly under the Commission, caused a storm of local discussion.

Ashley, two weeks ago unlooked for the decision between Livingston and Unwin on the one hand, and Commissioners Z. T. Ingram and Eugene Ellis favoring putting the investigator under the police department, by voting to table the discussion for further study. Last night he cast his vote with Ellis and Ingram, on the former's motion and the latter's second, and the recommendation of the Civil Service Board was followed. Livingston and Unwin voted no.

Considerable discussion preceded the vote, and following it, Livingston moved that the Civil Service Board hold examinations and submit the three highest grades for City Commission to choose the investigator. After Commission discussion with H. V. Draa and R. W. Lanier on the board's policies, City Attorney Claude Jones questioned the motion because of his doubt that the Commission was empowered to take such action.

Police Chief Charles Goodlett said that he believed that according to Civil Service rules, the chief could appoint anyone temporarily, but the permanent hiring is up to the board and the city manager. He would give his word, he said, that he wanted only the best qualified man and will see that he is chosen according to the examinations.

Livingston replied that he had no quarrel with the chief, that he wanted better pay and (Continued on Page 8)

5 Johnsons In Negotiation

PAHOKEE — Dr. and Mrs. E. C. Johnson are in the process of purchasing six lots here, planning to build a clinic — but it's taking a five-Johnson team to do it.

The Johnsons, represented by Attorney Ralph O. Johnson, are in touch with the law firm of Johnson and Johnson of West Palm Beach, representing the sellers.

The latter is the only non-Johnson in the deal, Riverview, Heights, Inc.

Closing date of Nov. 1 has been set for the purchase of Lots 5-10 in Block 1 of the V.L. Geiger addition, between Third and Fourth Sts. facing Lake Ave. Johnsons (the Johnsons' attorney) said, Dr. and Mrs. Johnson hope to have their clinic constructed within the year.

3 GUESTS, BOATING RIDES FOR JAYCEES SUNDAY

BELLE GLADE — Three guests will be present for the Jaycees' district caucus Sunday at 1 p. m. at the Country Club, and a social event program will be boat rides on Lake Okechobee.

President Lebron Williams announced final plans for the conference, which will bring Jaycees' district caucus Sunday at 1 p. m. at the Country Club. Guest speaker will be Luther Jones, and legislators present for the meeting will be Sen. Dan Roberts and Fred O. Dickinson.

ANOTHER MOVE TO FLORIDA: Alfred McKethan was principal speaker at a big dinner meeting here last week. The Brooksville banker and former chairman of the State Road Department is actively at work on a big promotion to bring the headquarters of the American Federation of the Physically Handicapped to Florida. His appearance here was in connection with the kickoff dinner for "National Employ the Physically Handicapped Week."

The plan to come to American was started by the federation and envisages the establishment of an "Institute for Human Engineering." This institute would be set up to rehabilitate, train and place in useful work, the physically handicapped from all over the United States.

President of the organization, Paul A. Strachan, said that he had visited Florida and had looked over more than 200 sites. Finally, with the assistance of former Cong. J. Hardin Peterson, he settled on a place near Brooksville—a part of the Withlacoochee Land Utilization Project, now owned by Uncle Sam. The success of the entire venture depends on whether or not the federation can buy the land from the government. They are not asking for a free gift, but want to buy 14,000 acres of this land at a reasonable price. Now before the Senate is a bill asking that the government put price on this land and give the federation permission to buy it for the establishment of the institute.

McKethan and Peterson, both interested in any development that will bring new business to Florida, are donating their time and energies to help the federation acquire the land. Incidentally, for the real old-fashioned Florida Chamber of Commerce talk on the wonders of Florida, nobody could have done much better than McKethan did.

PHYTHIUM WILT NO. 1 DISEASE ON EVERGLADES SNAP BEANS

BY R. S. COX

Observation over the past two years have convinced the writer that Pythium wilt is the number one disease problem on snap beans in the Everglades area. As most growers can testify, the disease is quite readily recognizable from its very characteristic symptoms.

It first becomes noticeable by a sudden wilting of the plant which is soon followed by death. Closer observation reveals that the wilting is the result of attack by the fungus, Pythium, somewhere on the stem. The epidermis (outside portion) of the affected stem area readily sloughs off under pressure of the thumb and forefinger leaving a slippery oozy exudate. These two criteria, i.e., a wilted plant and an oozy stem provide a positive diagnosis for the disease.

Plants are susceptible to the disease during all stages of growth, but they appear to be more susceptible during the first six weeks or so.

The disease has been found to be most severe under the following conditions:

1. In low spots in the field.
2. During cool, wet weather.
3. A few days following cultivation particularly where moist soil is thrown to the surface—conditions that first cultivation appears to be the most critical one, where one to two inches of soil is thrown to the surface.

An example of the role cultivation plays in aggravating Pythium wilt was brought to your attention last week. As usual, the crop had been seeded in a one to two inch furrow. The first cultivation was under way when the operation was stopped because of rain. Incidentally, it might be added that the "scratches" the grower was using was throwing about one and one-half inches of muck to the young seedlings. By the next day a striking difference in the number of wilted plants in the cultivated rows was apparent. Direct counts in adjacent rows revealed 65 dead plants in the cultivated row and only one dead plant in the non-cultivated row.

"Now," the grower asks, "what can I do about it?" Before answering it should be emphasized that there is no abatement of this disease. The following precautions, however, should aid materially in reducing it.

1. Level the land as uniformly as possible before seeding.
2. Keep the water table as low as possible and still

get good growth.
3. Avoid cultivating when the soil is moist. In this connection, some growers have obtained good success by running through with a "scooter" so as to dry out the upper few inches of soil a day before cultivating. In addition, the sweeps of the cultivator are set as "flat" as possible so that a minimum amount of soil is thrown to the plant.

Finally it would appear that if pre-emergence weed killer were effective they might aid in controlling Pythium wilt by reducing the weed problem, and consequently the need for cultivation. Dr. Victor Guzman, Everglades Experiment Station, is an authority on this subject.

3,486 CASES FOR WELFARE IN SEPT.

Thomas E. Penick, chairman of District Board No. 10 of the State Department of Public Welfare, reports that in Palm Beach County 3,486 persons were assisted in the four categories of public assistance for the month of September.

A total of 1,541 persons received old age assistance to the amount of \$68,441.00; 80 persons received \$3,985.90; 477 families, representing 1,470 children received aid to dependent children in the amount of \$27,708.00.

In addition, 81 children received service during the month, 35 of whom were in foster homes. Service was given to one runaway child. The total state and local cost for these child welfare services was \$2,201.25, Penick said.

There were three adoption petitions studied for the Circuit Court. There are children placed in homes independent of service through a licensed child placement agency, and the Welfare Board is responsible according to law make these reports to the court.

Palm Beach County is also represented on the district board by Mrs. Doris Sasser, Pahokee; Doyle Morgan, Delray Beach; Mrs. Lucile Turnage and Mrs. Helen Woodward, West Palm Beach.

IT'S UP TO YOU

By
Howard E. Kershner, L.H.D.

Amid the crescendo of demands that Congress increase pensions, wages, subsidies, social security payments and other handouts, the still small voice of conscience and integrity was heard recently when seven Amish Bishops appealed to Congress to exempt their church members from receiving any benefits under the Social Security program.

If need be they will continue paying the Social Security taxes but they do not want their members to receive any Government largesse.

The Bishops presented a petition signed by about 14,000 members of the old Amish Mennonite Church in thirteen states. They stated that their older members would not think of applying for social security or any other Government benefits. They want the law changed to remove temptation from their children and grandchildren. They declared:

"Our standard has been, and now is, for us to provide for our needy members, for our aged and disabled, for our widows and orphans."

One might call this a vestigial reminder of the spirit of independence and high integrity that made our country great. If the Lord in his wisdom would raise up a generation of successors to these sturdy folk, the future would be bright indeed.

A choice of three DITHANE fungicides now enables you to get maximum protection against tomato disease... and to do it with the DITHANE that's best for your growing conditions and methods of application.

Whatever your choice, you can be sure of controlling all the major tomato diseases—late blight, gray leaf spot, early blight, Septoria leaf spot, anthracnose, and gray mold. What's more, all DITHANE fungicides give high rating protection against these diseases at reasonable cost.

Follow a regular spray schedule with the DITHANE fungicide you prefer, and see for yourself that tomato plants stay free of disease even under the worst blight conditions. In addition, the vines maintain a healthy, vigorous growth all season, and the yields improve in quantity and quality. You will also find that DITHANE, when used according to directions, is safe for fruit and foliage, harmless to equipment, and easy to mix.

Choose the DITHANE fungicide that you prefer from this list:
DITHANE M-22 (maneb)—packed in 3 pound and 4 1/2 pound bags for easy-to-calculate mixing in all standard sprayers.

DITHANE is a trade-mark, Reg. U.S. Pat. Off. and in principal foreign countries.

These two sizes eliminate waste from spillage, and help you make certain the spray solution is exactly the right strength. DITHANE M-22 is particularly helpful in giving tomato plants a luxuriant, green appearance.

DITHANE Z-78 (zinab)—time proved general purpose fungicide. Recognized today as the standard fungicide material.
DITHANE D-14 (nabam)—for economical preparation of maneb or zinab.

For maximum protection against tomato diseases—the way you want it—get DITHANE from your supplier today.

HEALTH HORIZONS

Defeating the Common Cold

With the season of sniffles approaching, you may be glad to hear of new remedy for the common cold, suggested at a recent New York Academy of Sciences meeting in New York.

This remedy is no great new discovery of science, but something you've known all your life. It's milk. As you know, milk contains protein, and this substance can protect the cells of your body from attack of germs, according to a German scientist, Dr. Joachim Kuhnan. This is particularly important in the case of infections caused by viruses, like the common cold. Most virus diseases are not affected by the medicines we have today. He said we still have no really effective treatment for colds.

When a virus enters the body, it tries to do this to "dig in" to a body cell. To do this, it has to get through the cell membrane, or protective coating. The virus apparently contains some substance that destroys the membrane, making it easy for the germ to penetrate into the cell.

Protecting Body Cells

It's at this point that milk may help check the virus, Dr. Kuhnan explained, by building up the cell membrane. This protective coating is made of protein, which milk supplies.

If you happen to be one of those unfortunate people who are allergic to milk, or simply don't like it,

58 Applications For Hospital

PAHOKEE — Fifty-eight applications for the job of administrator of Everglades Memorial Hospital have been received thus far, Board Chairman Albert Fremd said yesterday.

The hospital is continuing its search for an administrator to succeed Jesse W. Reed, who resigned effective Dec. 1. In the United States there have been applications from such distant points as Massachusetts, Oregon, and four from California. Applicants from outside the United States have been two from Canada, one of which was from British Columbia, and one from Saudi Arabia, Fremd said.

The board is continuing to process the applications as fast as possible and conduct personal interviews with the most promising candidates, according to Fremd, and hopes to reach an early decision in selecting Reed's successor.

SPECIAL SERIES DRAWING LARGE CROWDS AT PAHOKEE METHODIST

"Is this the One For Me?" or the subject of engagement will be the subject of a sermon to be given Sunday night by Rev. A. D. Houghlin, pastor of First Methodist Church of Pahokee. A capacity crowd was present Sunday night to hear Rev. Mr. Houghlin speak on "17 and in Love". There were 30 young people in attendance. Special music was provided by the all-youth choir, Scripture lesson prayer and offering are being given by young people. The theme Sunday night will seek to set what young people should look for in planning for a permanent and happy marriage. Large crowds have been attending the special series, which will be followed by a "Youth For Christ Revival" beginning Nov. 6.

Dr. Richard Lane was elected new president of the Christian Fellowship class at a TV party and business meeting Tuesday night at the home of Mr. and Mrs. D. B. Watkins with Mr. and Mrs. M. I. Keen rosettes. Mrs. Richard Nason was elected vice president; Mrs. D. B. Watkins, secretary and treasurer; Mrs. Hugh Branch, sunshine chairman; Mrs. Owen Todd, membership chairman; Dr. Lane substitute teacher. Serving on the nominating committee were Mrs. J. T. Bownton, Hugh Branch and Mrs. M. I. Keen. Mike Sanders, retiring president, presided. Mrs. J. L. Reeves is class teacher.

Evening members of the church plan to leave this week-end to attend the annual laymen's retreat to be held at Leesburg Methodist youth camp. They include J. V. Thomas, lay leader, I. M. Lair, O. B. McClure, Lloyd Hundley, R. J. Schroder, Marvin Cowart, R. J. Collins, Robert Simonson, L. J. Simonson, Ralph Johnson and William Plummer.

The church school is engaged in a membership campaign. In Oct. 9, the Victory Class taught by Mrs. R. J. Schroder had 43 present; the Men's Bible class taught by Principal Clyde Canipe, had 30, and the Christian Fellowship class taught by Mrs. J. L. Reeves had 18 present.

The five circles of WSCS will meet Monday. Mabel Simonson and Margery Lair circles will meet jointly at the home of Mrs.

Tom Watson Gives Word of Station

Missionary Tom Watson of the Evangelical Alliance Mission has just returned from a trip to Korea with the news that purchase has been completed of four acres of land for erection of a 20,000 watt radio station in Korea, that the gospel may be broadcast to the multitude in parts of China, Manchuria, Russia, as well as Korea. He reports that the property overlooks Inchon harbor and that directly across the road is a large mud flat—ideal for an antenna site of which the government will allow free use, saving thousands of dollars. A military unit will drive the piling for base and anchors. Foreseeing a station from a dependable electric sub-station in Inchon, Watson reports.

David L. Johnson, general director of The Evangelical Alliance Mission with whom Tom and his wife Kathryn served as active missionaries in Japan and later Korea prior to their year's leave of absence, reports that strong backing has been received not only from Christians of the states but Korean Christians, and that plans are underway to proceed immediately with the erection of the station. Johnson states that more than half of the necessary amount to finance the project has been received, but at least another \$30,000 must be raised. It is hoped that it will be possible to have this station ready to beam the gospel on the air behind the bamboo curtain before many more months pass.

Mr. and Mrs. Watson and children, Ann, Tommy and Goree lived in Belle Glade prior to going to Japan and are moving to Fort Lauderdale their headquarters during their leave. For contributions, the address of the mission is 2839 W. McLean Ave., Chicago 47, Ill.

NEW RHYTHM BAND FOR BG BAPTIST YOUTH

According to Wendell Carpenter, music and education director of Belle Glade First Baptist Church, there will be a new musical opportunity for the children at the church beginning Sunday at 6 p.m. when there will be an organizational rhythm band. Beginners, age 4 and 5 and up are invited to this rehearsal. The mothers of the children are also invited to attend this meeting.

The church was happy to welcome into membership last week a new member, Jerry Geron, who joined the church by confession of faith.

There will be a meeting of the Palm-Lake Association Oct. 20 and 21. At the Thursday evening meeting, which will be held at Lake Ave. Baptist Church in West Palm Beach, the choir of the Belle Glade church will furnish special music. The associational meeting on Friday, Oct. 21, will be held at Canal Point Baptist Church. Rev. U. W. Malcolm is vice-moderator of the association.

The young people had charge of the regular Wednesday evening prayer service this week. Misses Leora Geer and Ann Norman presented a short skit on cradle roll work and its importance. Special music was presented by Miss Molly Forsee, and the scripture reading was by Leo James.

PREACHING MISSION PLANS COMPLETED

Rev. John Clarence Petrie, vicar of St. John the Apostle Episcopal Church, Belle Glade, who spent last week in a clergy conference at Camp Wingman, Avon Park, has returned after making final arrangements for the preaching mission to be conducted by Rev. William L. Hargrave, executive secretary of the diocese of South Florida, at the local church Nov. 3 to 5, the mission will reach its culmination on Sunday morning, Nov. 6 in the formal dedication of the new structure, Father Petrie announced.

MRS. SPEER NAMED CIRCLE CHAIRMAN

BG WSCS MEETING HELD ON TUESDAY

The general meeting of the WSCS of Belle Glade Community Methodist Church was held Tuesday evening, with Mrs. Clarence Kiger, first vice president, presiding in the absence of Mrs. George Farnall, the president.

The business session was preceded by the program. Mrs. Vernie Boots had the devotional on "They Are My People" and Mrs. Fred Lauderdale had the program on "The Indian Americans." At the business session, it was voted to send contributions to the Miami-Lake Center and to the Wesley Community House in Key West.

Mrs. Thelma Stevens, chairman of Christian social relations and local church activities, reported on last week's family night supper, and announced that the WSCS will serve the dinner at the district conference to be held here Nov. 28. Reports of the five circles were heard. Mrs. L. L. Wallis, Mrs. R. E. Tucker, and Mrs. W. E. Scheffer were hostesses for the evening and served refreshments.

LIFER - ARTIST PAINTS 200th CHRIST SMILE—The "Old timer," an inmate artist at Florida's Ralston Prison whose impressions of a "Smiling Christ" are sought by churches throughout the Christian world, completed his 200th painting last week. It will be presented to a revival group by the mayor of Phenix City, Alabama. "I took my first drink in Phenix City," the old artist explained, "and in time I became an acute alcoholic right there. My family shunned me in Columbus, Georgia, right across the river from Phenix City, and in time I hit bottom. Now that the Sin City is cleaned up, I'd feel proud to paint them a dozen Smiling Christ portraits to replace the old gambling-saloon signs."

The old artist, serving life as an habitual criminal after his fourth felony conviction (buying liquor with worthless checks), has continuously painted Smiling Christ portraits since the night, five years ago, he dreamed the Lord smiled at him. He gives them without cost to churches and religious groups requesting them. He prefers to remain anonymous on account of his children. In the above photo, L. F. Chapman, warden of Ralston Prison, watches the Old-timer put finishing touches on two "Smile" paintings, one for Phenix City, the other for Lillian Roth who visited the artist some time ago.

FIRST CHURCH OF CHRIST, SCIENTIST, Belle Glade CHRISTIAN SCIENCE GROUP, Canal Point

Man's responsibility to make religion practical in his activities throughout the week will be emphasized in the Lesson-Sermon entitled "Doctrine of Love" at the Christian Science services Sunday.

Scriptural selections include Paul's advice to the Hebrews (4:14): "Seeing then that we have a great high priest, that is passed into the heavens, Jesus the Son of God, let us hold fast our profession." Also pointing up the need for emulating the master Christian is the following passage to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (37:22-25): "It is possible,—yes, it is the duty and privilege of every child, man and woman,—to follow in some degree the example of the Master by the demonstration of Truth and Life, of health and holiness."

CHURCH LOYALTY SERVICES CONTINUE

Church loyalty services are continuing each Sunday evening at 7:30 throughout October at Belle Glade Community Methodist Church. Guest speaker Sunday evening will be Dr. George Foster, pastor of Park Temple Methodist Church in Ft. Lauderdale. This church has a membership of more than 2,600. Dr. Foster is chairman of the board of education of the Florida Conference of Methodist, and is considered one of the most outstanding Methodist ministers in the state of Florida. Special music will be presented by the men's chorus. A nursery is provided for pre-school age children.

Rev. H. Edward Garrett, pastor, is attending pastor's school at Leesburg this week, and also serving as representative of the ministers of the Palm Beach district at the laymen's conference which will convene on Friday of this week. Thirteen laymen from Community Methodist Church will attend this conference.

CARD OF THANKS

The family of the late William Finley Knight wishes to express their heartfelt thanks and appreciation to their many friends who expressed their love and sympathy through floral offerings, gifts of food, cards, and words of sympathy during the long illness of the deceased and the recent bereavement of his family.

JACKIE GLEASON HONORED: For his "generous services in behalf of polio victims," Jackie Gleason, actor, singer, and comedian, was an acknowledged award of the national Sister Elizabeth Kenny Foundation, Minneapolis, Minnesota, by Marvin L. Kline, executive director. In a TV appeal for public contributions to the 1955 annual fund, Gleason points to the Kenny treatment for polio victims as their best chance for return to normal living. Kline, in the country Gleason for his help, declared that Kenny facilities across the country continue to provide treatment to victims of polio and to rehabilitate persons crippled by the disease in the past.

Kenny Therapist Role Important In Treatment of Polio Patients

Minneapolis, Minn.—The training of highly-specialized Kenny Therapists to carry out the physical treatment of all phases of polio continues as one of the major activities of the Sister Elizabeth Kenny Foundation.

Kenny Therapists are registered nurses or physical therapists, male or female, who have received additional post-graduate training under scholarships provided by the Kenny Foundation. The course is of 18 months' duration, with nurses required to take an additional 12 months of physical therapy training at the Mayo Clinic, Rochester, Minnesota.

The acutely-ill polio patient, shortly after admission to a Kenny center, is placed under care of a Kenny Therapist who works with him daily, under medical supervision, up to the time of discharge, administering the technique as taught by the late Sister Kenny. Treatment administered by the Kenny Therapist is aimed at educating muscles and teaching patients to use in the most-effective manner possible their remaining muscle strength.
